Department of Experimental Clinical and Health Psychology

Ghent University

Cap-lab (<https://www.cap-lab.be/>)

Education

- PhD (09/2016-present) **Ghent University (UGent)**
Supervisor: Prof. Gilles Pourtois, PhD
- M.A. (09/2013-06/2016) **Southwest University (SWU)**
Basic Psychology, School of Psychology
Supervisor: Prof. Antao Chen
- B.S. (09/2009-06/2013) **Chongqing University of Posts and Telecommunications (CQUPT)**
Geographic Information System (GIS), College of Computer Science and Technology

Research Interests

The interplay of negative emotion and cognitive control, emotion regulation, conflict processing and control

Research Interests

- **Yang, Q.**, Notebaert, W., & Pourtois, G. (2019). Reappraising cognitive control: normal reactive adjustments following conflict processing are abolished by proactive emotion regulation. *Psychological Research*, 83(1), 1-12.
- **Yang, Q.**, Paul, K. & Pourtois, G. (under review). Negative emotion increases conflict adaptation through local changes in cognitive control: evidence from ERPs and mid-frontal theta.
- **Yang, Q.**, & Pourtois, G. (2018). Conflict-driven adaptive control is enhanced by integral negative emotion on a short time scale. *Cognition and Emotion*, 32(8), 1637-1653.

- **Yang, Q.**, Wang, X., Yin, S., Zhao, X., Tan, J., & Chen, A. (2016). Improved emotional conflict control triggered by the processing priority of negative emotion. *Scientific Reports*, 6, 24302.
- Pan, W., Liu, C., **Yang, Q.**, Gu, Y., Yin, S., & Chen, A. (2015). The neural basis of trait self-esteem revealed by the amplitude of low-frequency fluctuations and resting state functional connectivity. *Social Cognitive and Affective Neuroscience*, 11(3), 367-376.
- Tan, J., Zhao, Y., Wang, L., Tian, X., Cui, Y., **Yang, Q.**, ... & Chen, A. (2015). The competitive influences of perceptual load and working memory guidance on selective attention. *PloS One*, 10(6), e0129533.
- **Yang, Q.**, Tan, J., & Chen, A. (2015). The stages of information processing and emotional stimuli processing. *Psychological Science (in Chinese)*, 38(4), 801-806.

Conferences Presentations

- **Yang, Q.**, & Pourtois, G. The beneficial effect of reappraisal on cognitive control: making the experience of conflict less aversive reduces conflict adaptation. Poster Presentation, *7th International conference on emotions, well-being, and health (Emotions 2019)*
- **Yang, Q.**, & Pourtois, G. Reactive control, rather than proactive control, is the predominant source contributing to congruency sequence effect. Poster Presentation, *IBRO Neuroscience Forum 2018 (NEURONUS 2018)*
- **Yang, Q.**, & Pourtois, G. Conflict-driven adaptive control is enhanced by integral negative emotion. Poster Presentation, *The Social & Affective Neuroscience Society (SANS 2018)*

Awards

UGent **PhD (09/2016-present)**

- 2016, co-funding (BOF) grant
- 2016, China Scholarship Council (CSC) grant

SWU **M.A (09/2013-06/2016)**

- 2013-2016, Consecutive three-year Scholarship, 1st grade
- 2016, Excellent Postgraduate Student
- 2016, Science Technology Achievement Award
- 2015, “3A Student” Award

CQUP **B.S (09/2013-06/2016)**

- 2013, Excellent Undergraduate Student of CQUP
- 2012, Third-class Scholarship
- 2011, Second-class Scholarship
- 2010, Advanced Individual of Cultural and Arts Activities

Research Experience

09/2016-present **Cognitive & Affective Psychophysiology Lab, UGent**

Supervisor: Prof. Gilles Pourtois

09/2013-06/2016 **Cognitive Control Lab, SWU**

Supervisor: Prof. Antao Chen

Supervised Master Students

Lieslotte Fonteyn, 2019-present: Effect of Feedback Contingent on Conflict adaptation

Marie-Charlotte Bockelandt, 2019-present: Effect of Feedback Position Followed by Congruent

vs. Incongruent trials on Conflict adaptation
